Majority Pakistanis (63%) claim to read the ingredients before buying packaged food items. (GRF POLL)

Islamabad, February 24, 2017

According to a Gilani Research Foundation Survey carried out by Gallup Pakistan, majority Pakistanis (63%) claim to read the ingredients before buying packaged food items.

A nationally representative sample of men and women from across the four provinces was asked, “I will read a few statements, please tell me whether you agree or disagree with each of the following? [I always read the ingredients whenever I buy some packaged food item for the first time]” In response to this question, 63% agreed they always read the ingredients before buying packaged food items for the first time, while 37% disagreed.

Question: “I will read a few statements, please tell me whether you agree or disagree with each of the following? [I always read the ingredients whenever I buy some packaged food item for the first time]”
