2013-2017: More than half urban Pakistanis have favorable perceptions regarding religious, political and media freedom in the country. (World Justice Project and Gallup Pakistan)

Islamabad, August 7, 2018

According to the findings of the World Justice Project Report on *The Rule of Law in Pakistan* based on a Gallup Survey in urban Pakistan, more than half Pakistanis opine that they have religious (87%), media (66%) and political (64%) freedoms in Pakistan. It is also worth noting that the statistics for religious freedom relative to 2016 has increased by a considerable amount (20%). Meanwhile, the statistics for political and media freedom has increased since the past year by 5% and 6% respectively.

Average of Fundamental Freedoms in Pakistan: decline observed in political and media freedom, while increase observed in religious freedom during PML-N's tenure as the government of Pakistan.

Over the years, the greatest decline can be observed for media freedom (12%), followed by political freedom which decreased by 6%. Since 2013, religious freedom has increased by 6%.

In Pakistan, the survey was conducted between May and September in 2017 through face-to-face interviews in 2,010 households distributed proportionally across the five urban areas of Faisalabad, Karachi, Lahore, Peshawar, and Quetta.
