(GALLUP & GILANI PAKISTAN POLL)**

Islamabad, May 31, 2019

According to a Gilani Research Foundation Survey carried out by Gallup & Gilani Pakistan, 16% more weak-sighted Pakistanis use eyeglasses use for near vision than for distance vision.

A nationally representative sample of men and women from across the four provinces who wear vision correction glasses was asked, “Do you wear eyeglasses for distance vision or near vision?” In response, 42% said they wear them for distance vision, and 58% said they wear them for near vision (reading, etc.).

Question: “Do you wear eyeglasses for distance vision or near vision?”

The study was released by Gilani Research Foundation and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1,480 men and women in urban and rural areas of all four provinces of the country, during April 21-April 30, 2019. The error margin is estimated to be approximately ± 2 -3 percent at the 95% confidence level.
