Opinion Poll Politics Democracy

42 % Pakistanis believe that the system of governance in China is fully democratic as opposed to 26 % who believe the same about India. (GRF POLL)

Islamabad, March 24, 2016

According to a Gilani Research Foundation Survey carried out by Gallup Pakistan, 42% Pakistanis believe that the system of governance in China is fully democratic; 26% believe that the system of governance in India is fully democratic.

A nationally representative sample of men and women from across the four provinces was asked, “In your opinion, is the system of governance in China somewhat democratic, fully democratic or non-democratic?” In response to this question, 42% said that it is fully democratic, 30% said that it is somewhat democratic and 14% said that it is non-democratic. 14% did not respond.

Question: “In your opinion, is the system of governance in China somewhat democratic, fully democratic or non-democratic?”

The same sample of men and women was also asked the same question with regards to India. In response, 26% said that the system of governance in India is fully democratic, 33% said that it is somewhat democratic and 25% said that it is non-democratic. 16% did not respond.

Question: “In your opinion, is the system of governance in India somewhat democratic, fully democratic or non-democratic?”
