Gilani Research Foundation (GRF Poll)**Islamabad— March 14, 2015**

51% Pakistanis believe that from a social and financial point of view, the MNA from their area belongs to the upper class.

Source: Gilani Research Foundation Poll (GRF Poll)
Field work conducted by Gallup Pakistan, the Pakistani affiliate of Gallup International Association www.gallup-international.com; www.gallup.com.pk; www.gilanifoundation.com

According to a Gilani Research Foundation Survey carried out by Gallup Pakistan, 51% respondents say that the MNA from their area belongs to the upper class.

A nationally representative sample of men and women from across the four provinces who were aware of the party affiliation of their local MNA was asked, “Please tell, from an economic and social point of view, which class does the MNA in your area belong to? As in upper class, middle class or lower class?” In response to this question, 51% said that their MNA belongs to upper class, 41% said that their MNA belongs to middle class and 7% said that their MNA belongs to lower class. 1% did not respond.

The study was released by Gilani Research Foundation and carried out by Gallup Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1781 men and women in rural and urban areas of all four provinces of the country, during January 18 – January 25, 2016. Error margin is estimated to be approximately $\pm 2-3$ per cent at 95% confidence level.

51% PAKISTANIS BELIEVE THAT FROM A SOCIAL AND FINANCIAL POINT OF VIEW, THE MNA FROM THEIR AREA BELONGS TO THE UPPER CLASS.

Please tell, from a financial and social point of view, which class does the MNA in your area belong to? As in upper class, middle class or lower class?

Gilani Research Foundation (GRF Poll)

Islamabad - March 15, 2016

Environment protection versus Economic progress: Divided public opinion.

According to a Gilani Research Foundation Survey carried out by Gallup Pakistan, 45% Pakistanis believe that environment protection should be given preference over economic considerations; 41% believe that the economy should be given preference over environmental considerations.

A nationally representative sample of men and women from across the four provinces was asked, "Some people are of the opinion that environment protection should be given most priority even if at the expense of its cost to the economy. Others are of the opinion that economy should be given preference even if it does not protect the environment. On a scale of 1 to 10, please give your personal opinion where 0 refers to 'Economy should be given preference' and 10 refers to 'Environment protection should be given preference'?" In response to this question, 41% rated between 0 and 4 while 45% rated between 6 and 10. 14% on the other hand, were neutral and gave a median rating of 5.

The study was released by Gilani Research Foundation and carried out by Gallup Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1850 men and women in rural and urban areas of all four provinces of the country, during January 18 – January 25, 2016. Error margin is estimated to be approximately $\pm 2-3$ per cent at 95% confidence level
