More than half Pakistanis (58%) say that they 'Sometimes' receive phone calls from wrong numbers at their house. GILANI RESEARCH FOUNDATION (GRF POLL)

Islamabad, June 02, 2016

According to a Gilani Research Foundation Survey carried out by Gallup Pakistan, 58% Pakistanis say that they 'Sometimes' receive phone calls from wrong numbers at their house.

A nationally representative sample of men and women from across the four provinces who have a mobile phone/landline phone in their house were asked, "People often complain about receiving phone calls from wrong numbers in their house. Please tell, how frequently do you receive such phone calls in your house?" In response to this question 26% said Very much, 58% said Sometimes and 16% said Never.

Question: "People often complain about receiving phone calls from wrong numbers in their house. Please tell, how frequently do you receive such phone calls in your house?"
