Opinion Poll Social Views on Profession

Majority Pakistanis (54 %) chose their existing profession when given the opportunity to choose any profession they wanted. GILANI RESEARCH FOUNDATION (GRF POLL)

Islamabad, June 08, 2016

According to a Gilani Research Foundation Survey carried out by Gallup Pakistan, 54% Pakistanis, when asked which profession they would choose if they had the option to choose any profession that they wanted, stated that they would still choose their existing profession.

A nationally representative sample of men and women from across the four provinces was asked, “Suppose that you had the authority to choose any profession that that you wanted; would you still choose this profession or would you have chosen some other profession?” In response to this question, 54% said they would still choose their existing profession, 32% said they would have chosen another profession while 14% did not respond.

Question: “Suppose that you had the authority to choose any profession that you wanted; would you still choose this profession or would you have chosen some other profession?”
