A significant majority (79%) of Pakistanis do not have a computer in their house. (GRF POLL)

Islamabad, June 28, 2016

According to a Gilani Research Foundation Survey carried out by Gallup Pakistan, 79% of Pakistanis said that they do not have a computer in their house.

A nationally representative sample of men and women from across the four provinces was asked, “Do you have a computer in your house?” In response to this question, 79% respondents said that they did not have a computer at their house, while 21% said that they did have a computer at their house.

Question: “Do you have a computer in your house?”
