ONLY 13% PAKISTANIS EAT ON A DINING TABLE: Gallup Survey

Islamabad, 30-01-2004

Only 13% of the respondents in a national survey carried out by Gallup Pakistan said they ate their meals on a dining table. One third (34%) said they either ate on a covering spread ("*dastar khawan*") on the floor, another 39% said that they ate on a cot ("*charpai/takht*"). The remaining 14% said they ate wherever they find a place to eat.

The survey was carried out among a national sample of men and women from all the four provinces of the country comprising a cross section of people belonging to various age, income and education groups. More details on the survey are available at www.gallup.com.pk
