Gilani Research Foundation (GRF Poll)

Islamabad— July 25, 2016

“ A quarter of adult Pakistanis claim to have travelled on a train in the recent past. ”

Source: Gilani Research Foundation Poll (GRF Poll)

Field work conducted by Gallup Pakistan, the Pakistani affiliate of Gallup International Association www.gallup-international.com; www.gallup.com.pk.

According to a Gilani Research Foundation Survey carried out by Gallup Pakistan, only 24% Pakistanis have travelled on train during the last six months, and out of them 77% felt safe while travelling on a train.

A nationally representative sample of adult men and women from across the four provinces was asked, “Have you had the opportunity to travel by train in the past 6 months or not?” In response to this question, 24% said yes, they had travelled on a train in the last 6 months, while the majority, 76% replied no.

Respondents who replied yes were further asked, “How secure did you feel when you travelled by train?” In response to this question, 41% said that they felt extremely safe, 36% said that they felt moderately safe, while 20% said that they felt moderately unsafe. 3% said that they felt extremely unsafe.

The study was released by Gilani Research Foundation and carried out by Gallup Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1842 men and women in rural and urban areas of all four provinces of the country, during May 23 - May 30, 2015. Error margin is estimated to be approximately $\pm 2-3$ per cent at 95% confidence level.
