Bilal I Gilani, Executive Director Gallup Pakistan adds: “A similar poll was done in United States of America in context of USA’s founding fathers signers of Declaration of Independence in 2013 by Gallup USA (not related to Gallup Pakistan). Interestingly 71% Americans opined that the American founding fathers would be disappointed. 27% said they would be pleased.”

The study was released by Gilani Research Foundation and carried out by Gallup Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1817 men and women in rural and urban areas of all four provinces of the country, during August 8 – August 15, 2016.
