Gilani Research Foundation (GRF Poll)

Islamabad— December 19, 2016

Majority Pakistanis (51%) believe there is no harm in consuming out of season fruits and vegetables.

Source: Gilani Research Foundation Poll (GRF Poll)

Field work conducted by Gallup Pakistan, the Pakistani affiliate of Gallup International Association www.gallup-international.com; www.gallup.com.pk, www.gilanifoundation.com)

According to a Gilani Research Foundation Survey carried out by Gallup Pakistan, majority Pakistanis (51%) believe there is no harm in consuming out of season fruits and vegetables.

A nationally representative sample of men and women from across the four provinces was asked, “Nowadays we mostly find out of season fruits and vegetables in the market. Some people think it is better to avoid them, while others think there is no harm in consuming them. In your opinion, is it right or wrong to consume out of season fruits and vegetables” In response to this question, 51% said it is right, 39% said it is wrong. 10% did not know or did not wish to respond.

The study was released by Gilani Research Foundation and carried out by Gallup Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1851 men and women in rural and urban areas of all four provinces of the country, during September 12 – September 19, 2016. Error margin is estimated to be approximately ± 2 -3 per cent at 95% confidence level.

DEC 19, 2016

MAJORITY PAKISTANIS (51%) BELIEVE THERE IS NO HARM IN CONSUMING OUT OF SEASON FRUITS AND VEGETABLES.

Now a days we mostly find out of season fruits and vegetables in the market. Some people think it is better to avoid them, while others think there is no harm in consuming them. In your opinion, is it right or wrong to consume out of season fruits and vegetables?
