Technology for Security: 6% Pakistani households claim to have a CCTV camera installed for their security. KPK tops in this technological innovation with 18% households claiming to have CCTV. (GALLUP & GILANI PAKISTAN POLL)

Islamabad, January 18, 2018

According to a Gilani Research Foundation Survey carried out by Gallup & Gilani Pakistan, 6% Pakistani households claim to have a CCTV camera installed for their security. KPK tops in this technological innovation with 18% households claiming to have CCTV.

A nationally representative sample of men and women from across the four provinces was asked, “Some people install surveillance cameras for the safety/monitoring of their homes or businesses (such as shops, factories, offices, hotels and restaurants). Please tell if you have installed CCTV cameras to protect/monitor your home or business?” In response to this question, 6% said yes and 94% said no.

Rural-Urban breakdown:

5% respondents from rural Pakistan said yes, and 95% said no. Meanwhile, 8% respondents from urban Pakistan said yes and 92% said no.

Provincial breakdown:

In Punjab, 4% said yes they have CCTV cameras installed at their home or business and 96% said no. In Sindh, 5% said yes they have CCTV cameras installed at their home or business and 95% said no. In KPK, 18% said yes they have CCTV cameras installed at their home or business and 82% said no. In Balochistan, 100% respondents said they do not have any CCTV cameras installed at their home or business.

Question: “Some people install surveillance cameras for the safety/monitoring of their homes or businesses (such as shops, factories, offices, hotels and restaurants). Please tell if you have installed CCTV cameras to protect/monitor your home or business?”

(www.gallup-international.com; www.gallup.com.pk; www.gilanifoundation.com)

The numbers add up to around 1.8 million households claiming to have CCTV cameras. Considering an average of 4 cameras per household who claim to have a CCTV installed, Pakistan has over 8 million cameras installed at houses.

The study was released by Gilani Research Foundation and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1826 men and women in rural and urban areas of all four provinces of the country, November 12- November 18, 2017. Error margin is estimated to be approximately $\pm 2-3$ per cent at 95% confidence level.
