Islamabad, February 06, 2018

According to a Gilani Research Foundation Survey carried out by Gallup & Gilani Pakistan, 41% Pakistanis feel that social ills like bribery have increased so much in Pakistan that they can never be eliminated. 47%, however, are optimistic in this regard.

A nationally representative sample of men and women from across the four provinces was asked, “What is your view on the issue that many evils in our society such as bribery have increased so much that they cannot be eliminated?” In response to this question, 47% said evils such as bribery can be eliminated, 41% said they can be eliminated but it is very difficult to do so and 12% said they cannot be eliminated.

Question: “What is your view on the issue that many evils in our society such as bribery have increased so much that they cannot be eliminated?”
