Islamabad, September 17, 2018

According to a Gilani Research Foundation study on “Experience of Voters during General Elections 2018” carried out by Gallup & Gilani Pakistan, 52% Pakistanis, who voted in the 2018 general elections, said that the treatment of the polling staff with the voters was good.

This press release is 5th of a six part series of press releases from Gallup’s post-election study.

A nationally representative sample of men and women from across the four provinces, who claimed they had voted in general elections 2018, was asked, “How was the treatment of the election staff at your polling station with the voters?” In response to this question, 52% Pakistanis said it was good, 40% said that it was satisfactory while 7% said it was bad. 1% did not know or did not wish to respond.

“How do you think was the treatment of the election staff at your polling station with the voters?”
