Islamabad, November 17, 2018

According to a Gilani Research Foundation Survey carried out by Gallup Pakistan, more than 1 in 2 (53%) Pakistanis who can recite, report reciting the Quran loudly in a manner that allows the people around them to hear the recitation.

A nationally representative sample of men and women from across the four provinces who know how to recite the Quran (74%) were asked, “Some people recite the Quran loudly, such that the people around them can hear the recitation, while others tend to recite it in their heart without saying the words. How do you recite the Quran?” In response to this question, of those who can recite the Quran, 53% said that they recite it in a loud voice, while 47% said that they recite it in their heart without saying the words.

Question: “Some people recite the Quran loudly, such that the people around them can hear the recitation, while others tend to recite it in their heart without saying the words. How do you recite the Quran?”
