(GALLUP & GILANI PAKISTAN POLL)**

Islamabad, March 29, 2019

According to a Gilani Research Foundation Survey carried out by Gallup & Gilani Pakistan on the issue of India-Pakistan relations post Pulwama Attack (full report available at <http://gallup.com.pk/pakistani-opinion-remains-calm-and-unprovoked-during-threat-of-war-with-india/>), vast majority of Pakistanis recognize the destructive power of atomic warfare between India and Pakistan. 88% believe a nuclear war will lead to tens of millions of casualties or more.

A nationally representative sample of men and women from across the four provinces was asked, “If atomic weapons are used in the war between India and Pakistan, so in your opinion how many settlements will be destroyed?” In response to this question, 10% said in lakhs, 54% said in crores, 34% said both countries entirely, while 2% did not know or did not wish to respond.

Question: “If atomic weapons are used in the war between India and Pakistan, so in your opinion how many settlements will be destroyed?”
