ECONOMY

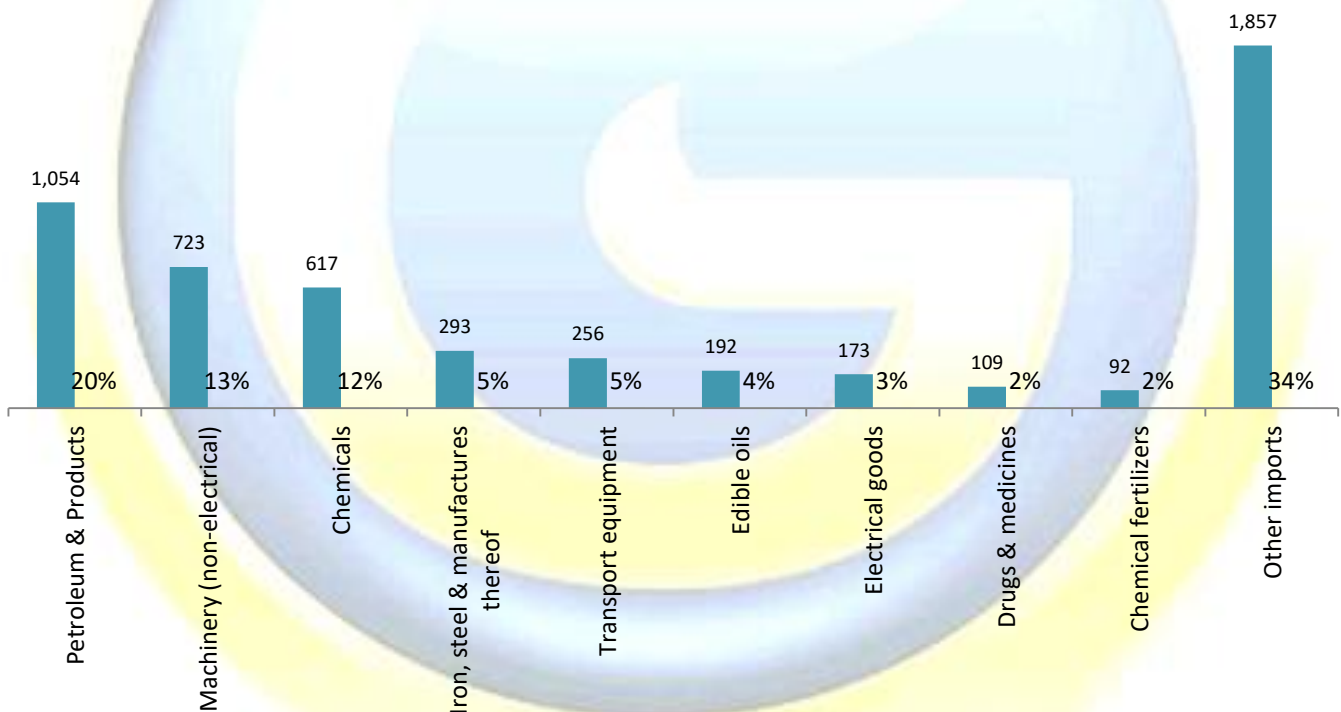

In 2018-2019, petroleum and its products made up a lion's share of total imports, amounting to over 1000 billion PKR, approximately 20% of the total import bill.

Islamabad, June 27, 2019

According to the Pakistan Economic Survey analyzed by Gallup Pakistan, in 2018-2019, petroleum and its products made up a lion's share of total imports, amounting to over 1000 billion PKR, approximately 20% of the total import bill.

Of a grand total of 5 trillion PKR spent on imports, 1,054 billion were spent on petroleum and its products (20%); 723 billion on non-electrical machinery (13%); 617 billion on chemicals (12%); 293 billion on iron, steel and manufactures thereof (5%); 256 billion on transport equipment (5%); 192 billion on edible oils (4%); 173 billion on electrical goods (3%); 109 billion on drugs and medicines (2%); 92 billion on chemical fertilizers (2%), and 1,857 billion on other imports (34%).
