(GALLUP & GILANI PAKISTAN POLL)

Islamabad, July 04, 2019

According to a Gilani Research Foundation Survey carried out by Gallup & Gilani Pakistan, nearly 3 in 4 Pakistanis (73%) believe that prices charged were higher than the government-regulated rates mentioned in the rate list during the month of Ramadan.

A nationally representative sample of men and women from across the four provinces was asked, "Some people think that everyday consumption goods were being sold at higher prices than the government-regulated rates mentioned in the rate list during Ramadan while others do not. What do you think?" In response, 73% said the prices were higher than the government-regulated rates, whereas 20% said that they were the same. 7% said they did not know or wish to respond.

Question: "Some people think that everyday consumption goods were being sold at higher prices than the government-regulated rates mentioned in the rate list during Ramadan while others do not. What do you think?"
