Public Opinion in Pakistan in the Year 2008

ENERGY Fuel/Gas

After peaking in 2010 when 77% of car owners in Pakistan reported using CNG in their vehicles, by 2017 the percentage dropped to a mere 20%. (GALLUP & GILANI PAKISTAN POLL)

Islamabad, September 25, 2019

In a Gallup & Gilani Pakistan National Survey conducted in the year 2008, car owners in Pakistan were asked “What kind of fuel is mostly used by your means of transport?” In response, 32% said petrol, 61% said CNG, and 3% said Diesel.

Comparative Picture: This question was asked again in 2017 to enable a comparison to be made across the years. In 2017, 63% said petrol, 20% said CNG, and 13% said Diesel.

Trend Analysis across the years: Overall there has been an increase of 31% in the proportion of Pakistani car owners who use Petrol for their transport, a decrease of 41% in the proportion of car owners who use CNG as a fuel and an increase of 7% in the proportion of car owners who use Diesel as a fuel.

This press release has been made as part of the Gallup Pakistan History Project which aims to release historical empirical polling data to wider audiences. The objective is to sustain and encourage empirical decision making in Pakistan.

Question: “What kind of fuel is mostly used by your means of transport?”

Aim and Rationale for Gallup Pakistan History Project

Bilal I Gilani, who is Executive Director at Gallup Pakistan and is Director of Gallup Pakistan History Project explains the aim of the Project as follows: ‘Gallup Pakistan has been polling in Pakistan since 1979 (over 40 years). During this time millions of Pakistanis have been surveyed by over a thousand interviewers of Gallup. In 2014, Gallup Pakistan has decided to release historical Public Opinion data and this Press Release is part of Gallup Pakistan’s History Project. This endeavor is dedicated to all those who hope for a more empirical understanding of Pakistani Issues. For more information about Gallup History Project, please contact caf@gallup.com.pk.
