SOCIAL
Climate Change

Awareness about Climate Change: Less than half of Pakistanis (46 %) claim to know about climate change (a great deal/something). Around the same proportion (48 %) claims to know nothing or have never heard of climate change (Gallup & Gilani Pakistan Poll)

Islamabad, October 25, 2019

According to a Gilani Research Foundation Survey carried out by Gallup & Gilani Pakistan, 46% claim to know a great deal or something about climate change and 48% claim to know nothing or have never heard of climate change.

A nationally representative sample of men and women from across the four provinces was asked, “How much do you know about climate change?” In response, 11% said they know a great deal about climate change, 35% said they know something about it, 22% said they didn’t know anything about it and 26% said they have never heard of climate change. 6% did not know or did not wish to respond.

The study was released by Gilani Research Foundation and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1,448 men and women in urban and rural areas of all four provinces of the country, during June 30-July 09, 2019. The error margin is estimated to be approximately $\pm 2-3$ percent at the 95% confidence level.
