Due to high inflation, more than half (53%) Pakistanis are pessimistic that their household savings will decrease in the next six months (Gallup & Gilani Pakistan Poll)

Islamabad, 05 March, 2020

According to a Gilani Research Foundation Survey carried out by Gallup & Gilani Pakistan, due to high inflation, 53% Pakistanis are pessimistic that their household savings will decrease in the next six months.

A representative sample of men and women from across the four provinces was asked, “*Compared to today, how do you expect your household saving to change in the next six months?*” In response, 27% said it will decrease a lot, 26% said it will decrease, 20% said it will not change, 18% said it will increase, 7% said it will increase a lot and 3% did not know/did not wish to respond.

Question: “Compared to today, how do you expect your household saving to change in the next six months?”
