

APRIL 23, 2020

RISING BY 32% SINCE MARCH, 3 IN 4 (75%) PAKISTANIS NOW REPORT WASHING THEIR HANDS FREQUENTLY. OVER 1 IN 10 (13%) STILL CLAIM THAT THEY HAVE NOT TAKEN ANY PRECAUTIONARY MEASURES TO PROTECT THEMSELVES FROM CORONAVIRUS

Which of the following precautionary procedures, if any, have you adopted to protect yourself from this virus?

Opinion Poll

CORONAVIRUS

Rising by 32% since March, 3 in 4 (75%) Pakistanis now report washing their hands frequently. Over 1 in 10 (13%) still claim that they have not taken any precautionary measures to protect themselves from Coronavirus (Gallup & Gilani Pakistan Weekly Coronavirus Perception Tracker)

Islamabad, 23 April, 2020

According to a Gilani Research Foundation Survey carried out by Gallup & Gilani Pakistan, rising by 32% since March, 3 in 4 (75%) Pakistanis now report washing their hands frequently. Over 1 in 10 (13%) still claim that they have not taken any precautionary measures to protect themselves from Coronavirus.

A representative sample of men and women from across the four provinces was asked, *“Which of the following precautionary procedures, if any, have you adopted to protect yourself from this virus: Using medical masks, wearing gloves, using hand sanitizer, washing hands frequently, staying in the house/limiting social interaction, self-quarantining?” (Multiple responses possible)* In response, 75% respondents said they are washing their hands frequently, 74% said they are limiting social interaction, 63% reported using medical masks, 48% claim they are using hand sanitizer, 35% are wearing gloves, 14% reported self-quarantining while 13% said they have not taken any precautionary measures yet.

Rural-Urban Breakdown:

More people in rural areas claim to be limiting social interactions (77%) while a higher proportion of urban residents are using medical masks (72%) and sanitizers (63%).

Question: “Which of the following precautionary procedures, if any, have you adopted to protect yourself from this virus: Using medical masks, wearing gloves, using hand sanitizer, washing hands frequently, staying in the house/limiting social interaction, self-quarantining?” (Multiple responses possible)
