CORONAVIRUS

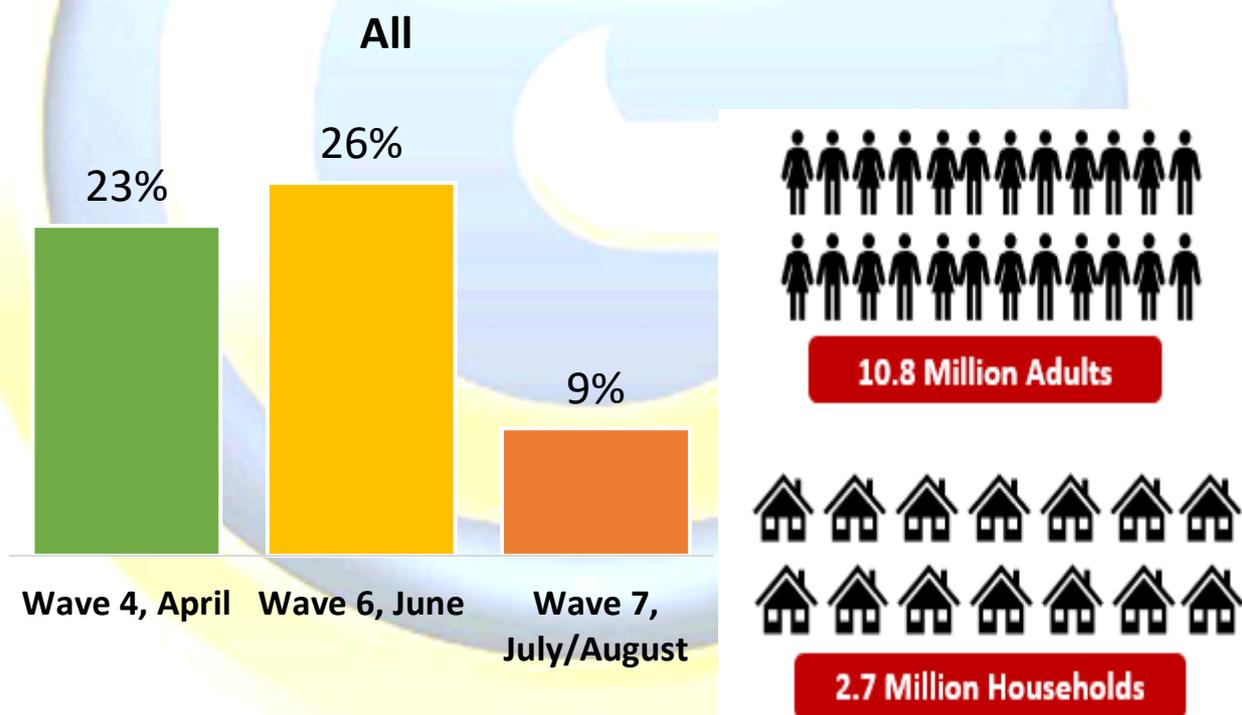

Significant decline observed in proportion of Pakistanis who claim to have reduced the number or size of meals for some family members to cover their household's basic needs as compared to earlier this year (Gallup & Gilani Pakistan Coronavirus Perception Tracker)

Islamabad, 17th September, 2020

According to a Gilani Research Foundation Survey carried out by Gallup & Gilani Pakistan, significant decline observed in proportion of Pakistanis who claim to have reduced the number or size of meals for some family members to cover their household's basic needs as compared to earlier this year.

A nationally representative sample of adult men and women from across the four provinces was asked the following question, "In the past 7 days, did you 'Reduce the number or size of meals for some household members' to cover your household's basic needs?" In response to this question, 9% said yes while 91 said no.

Question: "In the past 7 days, did you 'Reduce the number or size of meals for some household members' to cover your household's basic needs? (only reporting percentage of people who agreed)"
