

Special Press Release
FEDERAL BOARD OF REVENUE
TAX STATISTICS

(2nd Release: Which market pays the most income tax in Pakistan)

Saddar in Karachi emerges as the highest tax-paying market (PKR 77 billion) out of all the major markets, followed by Blue Area in Islamabad that paid PKR 39 billion: Gallup Pakistan Analysis on FBR Tax Directory

Islamabad, November 13, 2020

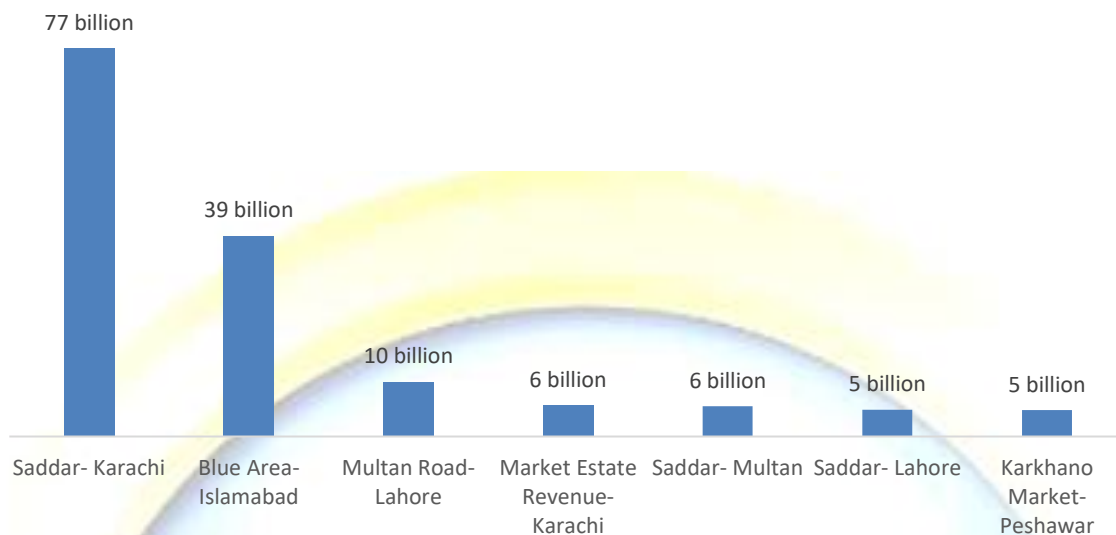

Federal Board of Revenue, for the past 3 to 4 years, has been releasing the details of all taxpayers of the country. Gallup Pakistan Data Analytics Team is publishing this press release as a series of notes based on analysis and commentary on this data release by FBR. The team at Gallup Pakistan is also working on using the 2.7 million data set as a Big Data exercise and creating a dashboard for the use of both policy makers and academics studying taxation related issues in Pakistan. This analysis is being undertaken by a team led by Bilal I Gilani, Executive Director of Gallup Pakistan.

This press release addresses the question: **which of the major markets in Pakistan pays the highest amount of tax?**

It is of critical importance to note that markets in Karachi pay more tax (PKR. 98 billion) than markets in Lahore and Islamabad combined (PKR 82 billion). These statistics lend merit to the fact that Karachi operates as the economic hub of the country.

FBR data on tax collection shows that out of all the major markets, the highest share of tax was collected from Saddar in Karachi. This is followed, although with a huge margin, by Blue Area in Islamabad. Multan Road in Lahore and Market Estate Avenue in Karachi are also among the highest tax-paying markets. Out of all major markets, the highest number of tax filers was also found in Saddar Karachi (72,339 filers), followed by Saddar Multan with 38,236 filers and Saddar Lahore with 19,521 filers.

Tax collected (in PKR) by major markets

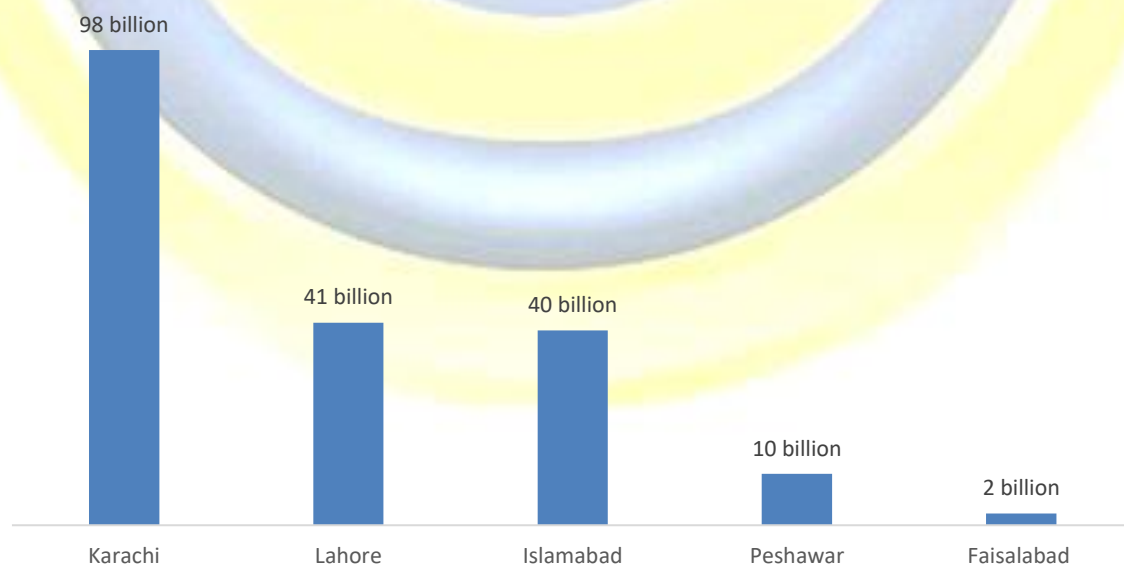

Source: Gallup Pakistan Report based on Data Analytics on FBR 2018 data

Which city collects the most tax from its markets?

FBR data reveals that the major markets of Karachi make up **the largest chunk of taxpayers** which contribute to the total tax collected in Pakistan. Markets in Karachi paid more than a staggering 98 billion rupees in income tax in 2018. Putting things in perspective, Karachi markets paid more than twice the amount of income tax paid by markets in Lahore. This comes as a surprise considering that Lahore also has an abundance of huge retail centers.

Tax collected (in PKR) by major markets of the cities

The scale of the economic activity in Karachi can be assessed by the fact that two markets in Karachi namely Saddar market and Jodia Bazaar together pay 80.2 billion rupees in tax whereas, astoundingly, all

the major markets in Lahore and Islamabad combined pay around 82 billion rupees. These disproportionate numbers do not reflect the state of development in the respective cities.

The economic tragedy is that despite Karachi contributing the highest amount of tax, the city is plagued with many problems such as mis-governance, poor planning, and lack of development. The markets in Karachi also lack proper facilities. The data released by FBR shows that in the case of Karachi, the problem does not lie in the collection of taxes. It is rather firmly rooted in politics and a general attitude of neglect towards this city which requires serious and long term social as well as political solutions.

Full list of markets and their tax paid in hierarchy of tax paid is attached as Appendix to this report or can be accessed on following link: [Click here](#)

GALLUP PAKISTAN IS WORKING ON CREATING A DASHBOARD TO RELEASE DETAILED RESULTS OF FBR DATA IN WHICH WE AIM TO ADD TREND ANALYSIS ON SELECTED INDICATORS. WE ARE LOOKING FOR COLLABORATION IN THIS REGARD AND ANYONE INTERESTED SHOULD WRITE TO caf@gallup.com.pk
