The study was released by Gilani Research Foundation and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1,080 men and women in urban and rural areas of all four provinces of the country, during December 24, 2020 – January 15, 2021. The error margin is estimated to be approximately $\pm 2-3$ percent at the 95% confidence level. The methodology used for data collection was phone interviews. Respondents hailed from over 100 districts of Pakistan.
