78 % Pakistanis who believe the country is headed in the wrong direction cite inflation as the top reason; 58 % say unemployment: Gallup & Gilani Pakistan

(Islamabad), April 22, 2021

According to a survey conducted by Gallup & Gilani Pakistan, 78% Pakistanis who believe the country is headed in the wrong direction cite inflation as the top reason; 58% say unemployment.

A nationally representative sample of adult men and women from across the four provinces who believe the country is headed in the wrong direction was asked the following question, “Normally, why do you think that the country is headed in the wrong direction?”

In response to this question, 78% said inflation, 58% said unemployment, 36% said poverty, 27% said corruption, 17% said load shedding, 14% said inexperienced government / politicians, 9% each said weak economy and lack of education systems, 6% each said water shortage, lack of peace and order, rift between government institutions, 4% said political disunity and 7% said other reasons.

Question: “Normally, why do you think that the country is headed in the wrong direction?”

The study was released by Gilani Research Foundation and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1,590 men and women in urban and rural areas of all four provinces of the country, during March 19, 2021 – April 6, 2021. The error margin is estimated to be approximately $\pm 2-3$ percent at the 95% confidence level. The methodology used for data collection was phone interviews. Respondents hailed from over 100 districts of Pakistan.
