There has been a 4% increase since July 2021 in the number of Pakistanis who reported to have borrowed food or asked for help from a friend or relative to cover their household's basic needs: Gallup & Gilani Pakistan

(Islamabad), October 29, 2021

According to a survey conducted by Gallup & Gilani Pakistan, since July 2021, there has been a 4% increase in the number of Pakistanis who reported to have borrowed food or ask for help from a friend or relative to cover their household's basic needs.

Complete report for Wave 12 of the COVID-19 tracker survey can be accessed [here](#).

A nationally representative sample of adult men and women from across the four provinces was asked the following question, “In the past 7 days, did you ‘borrow food or ask for help from a friend or relative’ to cover your household's basic needs? (Only reporting percentage of people who agreed).” In response to this question, 17% of people agreed in August 2021 as compared to 13% in July 2021.

Question: “In the past 7 days, did you ‘borrow food or ask for help from a friend or relative’ to cover your household's basic needs? (Only reporting percentage of people who agreed).”
