65% Pakistanis feel that as compared to the previous 6 months, the country's current economic situation has deteriorated: Consumer Confidence Index Q3 2021 by Gallup Pakistan and Dun & Bradstreet

(Islamabad), December 10, 2021

According to a Consumer Confidence Index survey conducted by Gallup & Gilani Pakistan, 65% Pakistanis feel that as compared to the previous 6 months, the country's current economic situation has deteriorated.

Complete report on Pakistan Consumer Confidence Index can be accessed [here](#).

A nationally representative sample of adult men and women from across the four provinces was asked the following question, "In your opinion, compared to the previous six months, how is the economic situation of the country today?" In response to this question, 2% said 'much better', 18% said 'better', 11% said 'same as before', 43% said 'worse' and 22% said 'much worse'. 4% did not know or provided no response.

Question: "In your opinion, compared to the previous six months, how is the economic situation of the country today?"

The study was released by Gilani Research Foundation and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1,691 men and women in urban and rural areas of all four provinces of the country, during September – October 2021. The error margin is estimated to be approximately $\pm 2-3$ percent at the 95% confidence level. The methodology used for data collection was phone interviews.
