“In your opinion, compared to the last six months, has your household’s monthly savings increased, decreased or stayed the same?”

Don't know/ No Response: 1%

Special Press Release Consumer Confidence Index Economy

Nearly 7 in 10 (67%) Pakistanis report a fall in their household savings as compared to the past 6 months: Consumer Confidence Index Q3 2021 by Gallup Pakistan and Dun & Bradstreet

(Islamabad), December 14, 2021

According to a Consumer Confidence Index survey conducted by Gallup & Gilani Pakistan, nearly 7 in 10 (67%) Pakistanis report a fall in their household savings as compared to the past 6 months.

Complete report on Pakistan Consumer Confidence Index can be accessed [here](#).

A nationally representative sample of adult men and women from across the four provinces was asked the following question, “In your opinion, compared to the last six months, has your household’s monthly savings increased, decreased or stayed the same?” In response to this question, 1% said ‘increased a lot’, 7% said ‘increased’, 24% said ‘no difference’, 41% said ‘decreased’ and 26% said ‘decreased a lot’. 1% did not know or provided no response.

Question: “In your opinion, compared to the last six months, has your household’s monthly savings increased, decreased or stayed the same?”

The study was released by Gilani Research Foundation and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1,691 men and women in urban and rural areas of all four provinces of the country, during September – October 2021. The error margin is estimated to be approximately $\pm 2-3$ percent at the 95% confidence level. The methodology used for data collection was phone interviews.
