

OVER 4 IN 5 (84%) PAKISTANIS CLAIM TO HAVE LOST A SIGNIFICANT PORTION OF THEIR INCOME DURING THE CORONAVIRUS OUTBREAK AND 7 IN 10 (68%) REPORT LOSING THEIR JOBS, BOTH HIGHEST AMONG 17 COUNTRIES SURVEYED

“In the context of Coronavirus, which of the following is valid for you: lost a significant part of income, lost job, temporarily stopped working, democracy is not effective in such a crises, worked part time, me or family member caught coronavirus/got sick or none of these?”

(None of these : 3%)

Opinion Poll

CORONAVIRUS

Over 4 in 5 (84%) Pakistanis claim to have lost a significant portion of their income during the coronavirus outbreak and 7 in 10 (68%) report losing their jobs, both highest among 17 countries surveyed (Gallup & Gilani Pakistan Weekly Coronavirus Perception Tracker)

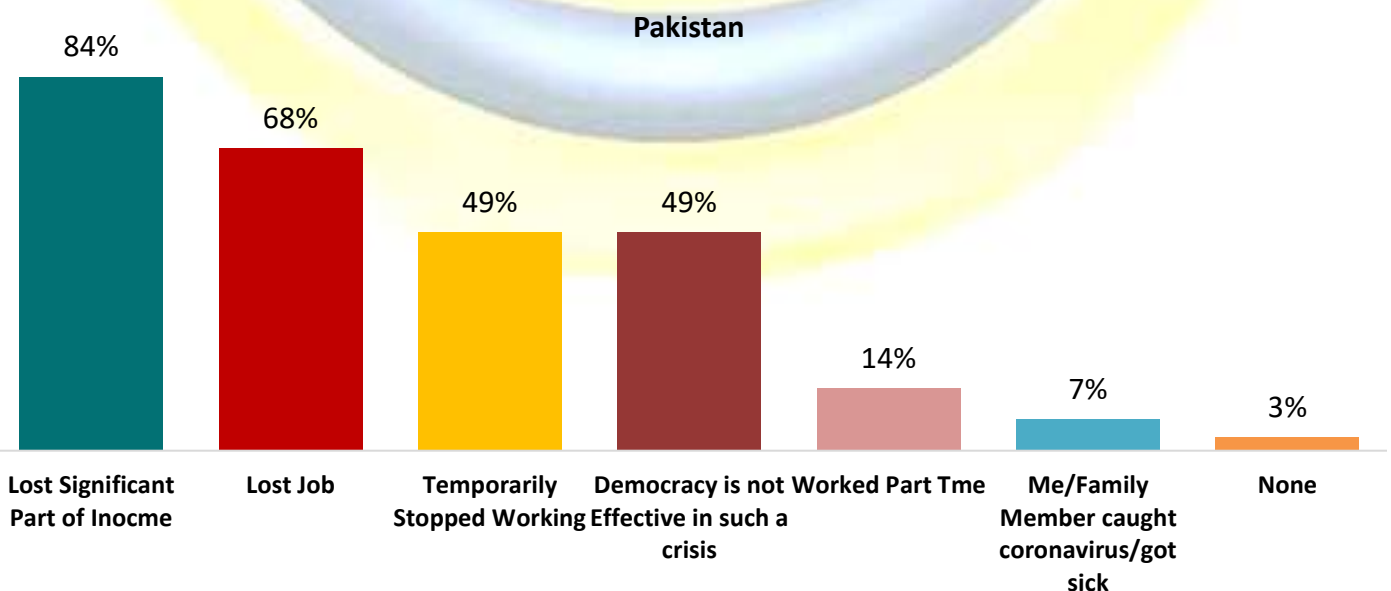

Islamabad, April 30, 2020

According to a Gilani Research Foundation Survey carried out by Gallup & Gilani Pakistan, over 4 in 5 (84%) Pakistanis claim to have lost a significant portion of their income during coronavirus outbreak and 7 in 10 (68%) report losing their job, both highest among 17 countries surveyed.

A nationally representative sample of adult men and women from across the four provinces was asked the following question: **“In the context of Coronavirus, which of the following is valid for you: lost a significant part of income, lost job, temporarily stopped working, democracy is not effective in such a crises, worked part time, me or family member caught coronavirus/got sick or none of these?” (Multiple responses)** In response to this question, 84% Pakistanis said they lost a significant part of income, 68% claimed to have lost their job, 49% temporarily stopped working, 49% claimed that democracy is not effective in such a crises, 14% worked part time, 7% said they or a family member caught coronavirus/got sick and 3% said none of these was valid for them.

Global result: Pakistan ranks highest amongst 17 countries in people reporting that they lost their job, lost a significant part of their income or in the belief that democracy is not effective in such a crisis situation. Malaysia ranks highest for people claiming to work part time and those that report themselves or a family member got sick/caught coronavirus while Philippines reports highest percentage of people that have temporarily stopped working due to COVID-19.

Question: “In the context of Coronavirus, which of the following is valid for you: lost a significant part of income, lost job, temporarily stopped working, democracy is not effective in such a crises, worked part time, me or family member caught coronavirus/got sick or none of these?” (Multiple responses)

Global Comparison	Argentina	Austria	Bulgaria	Germany	India	Indonesia	Italy	Japan	Kazakhstan	Malaysia	Pakistan	Philippines	Russia	Republic of Korea	Switzerland	Thailand	USA
Lost my job	11%	6%	9%	2%	5%	24%	11%	1%	8%	37%	68%	34%	12%	3%	3%	12%	9%
