60% Pakistanis think that the country's economic situation is worse now as compared to the last six months: Gallup & Gilani Pakistan

(Islamabad), November 29th, 2022

According to a survey conducted by Gallup & Gilani Pakistan, 60% Pakistanis think that the country's economic situation is worse now as compared to the last six months

A nationally representative sample of adult men and women from across the country was asked the following question regarding, *"In your opinion, how would you describe the current economic situation in Pakistan in comparison to last 6 months?"* 4% responded that it is much better, 15% said it is better, 9% said there is no change, 48% said it is worse while 21% said it is much worse while 3% said that they did not know.

The same question was also asked in the first quarter of the year and the responses were such that 1% said that Pakistan's economic situation is much better in the next six months, 15% said it is better, 21% responded that it will remain the same while 38% said it will be worse and 22% said that it will be much worse and 3% said that they did not know.

Question: "In your opinion, how would you describe the current economic situation in Pakistan in comparison to last 6 months?"
