88% of smokers think that smoking is very harmful: Gallup & Gilani Pakistan

(Islamabad), December 22nd, 2022

According to a survey conducted by Gallup & Gilani Pakistan, 88% of smokers think that smoking is very harmful.

A nationally representative sample of adult men and women who smoke from across the country was asked the following question regarding, *“To what extent do you think smoking is harmful to health?”* 88% said that they think it is very harmful, 9% said it is a little harmful while 3% said that it is not harmful.

Question: “To what extent do you think smoking is harmful to health?”

The study in Pakistan was conducted and released by Gilani Research Foundation and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 747 men and women in urban and rural areas of all four provinces of the country. The error margin is estimated to be approximately $\pm 2-3$ percent at the 95% confidence level. The methodology used for data collection was telephonic surveys (CATI).
