Opinion Poll Miscellaneous

55% Pakistanis say that classrooms at their child's school are not properly heated during winters: Gallup & Gilani Pakistan

(Islamabad), December 30th, 2022

According to a survey conducted by Gallup & Gilani Pakistan, 55% Pakistanis say that classrooms at their child's school are not properly heated during winters.

A nationally representative sample of adult men and women from across the country who have school-going children in their household was asked the following question regarding, "On a scale of 1 to 5, where 1 is "very bad" and 5 is "very good", how would you rank each of the following services provided to your child by their school?- Availability of heaters for kids during winter" 32% said it is very bad, 23% said it is bad, 7% said the availability of heater for kids during winters is normal, 25% said that this service is good while only 7% said that it is very good.

Question: "On a scale of 1 to 5, where 1 is "very bad" and 5 is "very good", how would you rank each of the following services provided to your child by their school? – Availability of heaters for kids during winter"
