40% Pakistanis believe that good and competent doctors can be found in both, government and private hospitals: Gallup & Gilani Pakistan

(Islamabad), March 01st, 2023

According to a survey conducted by Gallup & Gilani Pakistan, 40% Pakistanis believe that good and competent doctors can be found in both, government and private hospitals.

A nationally representative sample of adult men and women from across the country was asked the following question regarding, “Some people believe that good and competent doctors are found only in government hospitals, while others believe that they usually found in private hospitals. Where would you say the most qualified doctors are?” In response, 33% said government hospital, 26% said private hospital while 40% responded both and 1% said they did not know or refused to respond.

Question: “Some people believe that good and competent doctors are found only in government hospitals, while others believe that they usually found in private hospitals. Where would you say the most qualified doctors are?”
