These interesting findings have emerged out of an annual, 64 country research conducted by Gallup International (founded by the world-renowned scholar and pollster Dr. George Gallup in 1947). The survey in Pakistan was done by Gallup Pakistan, Pakistan's oldest and trusted survey firm, working since 1979.

Summary Methodology: A total of 59 842 persons were interviewed globally. In each country a representative sample of around 1000 men and women was interviewed during August-October 2022 either face to face, via telephone or online. The margin of error for the survey is between +3-5% at 95% confidence level.
