The study in Pakistan was conducted and released by Gilani Research Foundation and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 152 men and women, Gallup compiled a directory of net-metering users based on net-metering licenses. This data is available on NEPRA’s website where net-metering licenses as issued to users are available. A WhatsApp message was drafted to circulate among the users identified via NEPRA’s website. The method of data collection included a self-filled survey on WhatsApp.
