The study in Pakistan was conducted and released by Gilani Research Foundation and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1253 men and women in urban and rural areas of all four provinces of the country. The error margin is estimated to be approximately ± 2 -3 percent at the 95% confidence level. The methodology used for data collection was telephonic surveys (CATI). The dates of data collection were 2nd April 2023 to 27th April 2023.
