The study in Pakistan was conducted and released by Dun & Bradstreet Pakistan and carried out by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1,179 men and women in urban and rural areas of all four provinces of the country, conducted during July 2023. The error margin is estimated to be approximately ± 2 -3 percent at the 95% confidence level. The methodology used for data collection was telephonic surveys (CATI).

STAT OF THE DAY

In FY22, the Federal Government retained 46% of total tax revenue despite shouldering 67% of the total government expenditure
