METHODOLOGY:

The press release is based on data from the Form 47 of the Provisional Results Dashboard from the Election Commission of Pakistan website, noting the details of votes cast in each polling station. The data has been computed to represent overall results at the provincial and national levels.

Gallup Pakistan Electoral Repository: An Introduction

The Gallup Pakistan Electoral Repository is comprised of the following sources:

1. Election Commission data on past 11 elections in Pakistan, available over each constituency. This data was acquired from Election Commission website and converted into digital database in SPSS form and is now referred to as Gilani Index of Electoral Record.
2. Gallup Exit Polls for every election since 1985.
3. Gallup pre and post-election survey record since 1985.
4. Analysis by Dr. Ijaz Shafi Gilani on elections piece by piece, as well as in combined form.
