48% of Pakistanis consider parents beating children completely illegitimate, but 44% think there are possible situations where this can be justified: Gallup & Gilani Pakistan

(Islamabad) 3rd May, 2024

According to a survey conducted by Gallup & Gilani Pakistan, nearly equal proportions of Pakistanis consider physical abuse by parents completely illegitimate (48%), and somewhat to completely legitimate (44%).

A nationally representative sample of adult men and women from across the country was asked the question, “Please indicate whether you consider ‘parents hitting children’ legitimate, illegitimate, or something (mixed) between legitimate and illegitimate?” In response, 48% said ‘Completely illegitimate’, 6% said ‘Neither legitimate nor illegitimate’, 35% said ‘Somewhat legitimate’, 9% said ‘Completely legitimate’, and 2% said that they did not know or gave no response.

This survey question is part of an international survey series called World Values Survey. For more details about this survey please visit <https://www.worldvaluessurvey.org/wvs.jsp>
