Opinion is pretty split as 45% of Pakistanis consider the death penalty as somewhat or completely legitimate, while 39% consider it completely illegitimate: Gallup & Gilani Pakistan

(Islamabad) 7th May, 2024

According to a survey conducted by Gallup & Gilani Pakistan, opinion is pretty split as 45% of Pakistanis consider the criminal punishment of being put on death row as somewhat or completely legitimate, while 39% consider it illegitimate.

A nationally representative sample of adult men and women from across the country was asked the question, “Please indicate whether you consider ‘the death penalty’ legitimate, illegitimate, or something (mixed) between legitimate and illegitimate?” In response, 39% said ‘Completely illegitimate’, 11% said ‘Neither legitimate nor illegitimate’, 28% said ‘Somewhat legitimate’, 17% said ‘Completely legitimate’, and 5% said that they did not know or gave no response.

This survey question is part of an international survey series called World Values Survey. For more details about this survey please visit <https://www.worldvaluessurvey.org/wvs.jsp>

Question: Please indicate whether you consider ‘the death penalty’ legitimate, illegitimate, or something (mixed) between legitimate and illegitimate?

The study in Pakistan was conducted and released by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 1,017 men and women in urban and rural areas of all four provinces of the country, conducted from 29th February – 15th March 2024. The error margin is estimated to be approximately $\pm 2-3$ percent at the 95% confidence level. The methodology used for data collection was telephonic surveys (CATI).
