Press release 1 of 4 on Government School teachers and public opinion

66% of Pakistanis believe that government teachers are doing their jobs well, appreciation higher among women and rural residents: Gallup & Gilani Pakistan

(Islamabad) 12th August, 2024

According to a survey conducted by Gallup & Gilani Pakistan, 66% of Pakistanis believe that government teachers are doing their jobs well. Appreciation of government teachers was higher by 11 percentage points among women as compared to men. The data also reveals that this appreciation was significantly higher among rural residents.

This press release is in a series of press releases Gallup Pakistan is producing on the issue of public opinion regarding government school teachers.

A nationally representative sample of adult men and women from across the country was asked the question, “Now thinking about Pakistan as a whole, do you think Pakistani government teachers are doing their job well?” In response, 39% said ‘Yes, very well’, 27% said ‘Yes, somewhat well’, 11% answered ‘No, not well to some extent’, 16% responded ‘Not well at all’, and 7% did not know or gave no response.

Question: Now thinking about Pakistan as a whole, do you think Pakistani government teachers are doing their job well?

The study in Pakistan was conducted and released by Gallup & Gilani Pakistan, the Pakistani affiliate of Gallup International. The recent survey was carried out among a sample of 769 men and women in urban and rural areas of all four provinces of the country, conducted from 28th June - 10th July 2024. The error margin is estimated to be approximately $\pm 2-3$ percent at the 95% confidence level. The methodology used for data collection was telephonic surveys (CATI).

Across gender: Pakistani women were more likely (72%) to think that government teachers are doing their jobs well, compared to men (61%).
