Over Half of Online Shoppers in Pakistan (52%) Used Daraz for Their Most Recent Purchase — Far Ahead of All Other Platforms. (Gallup & Gilani Survey)

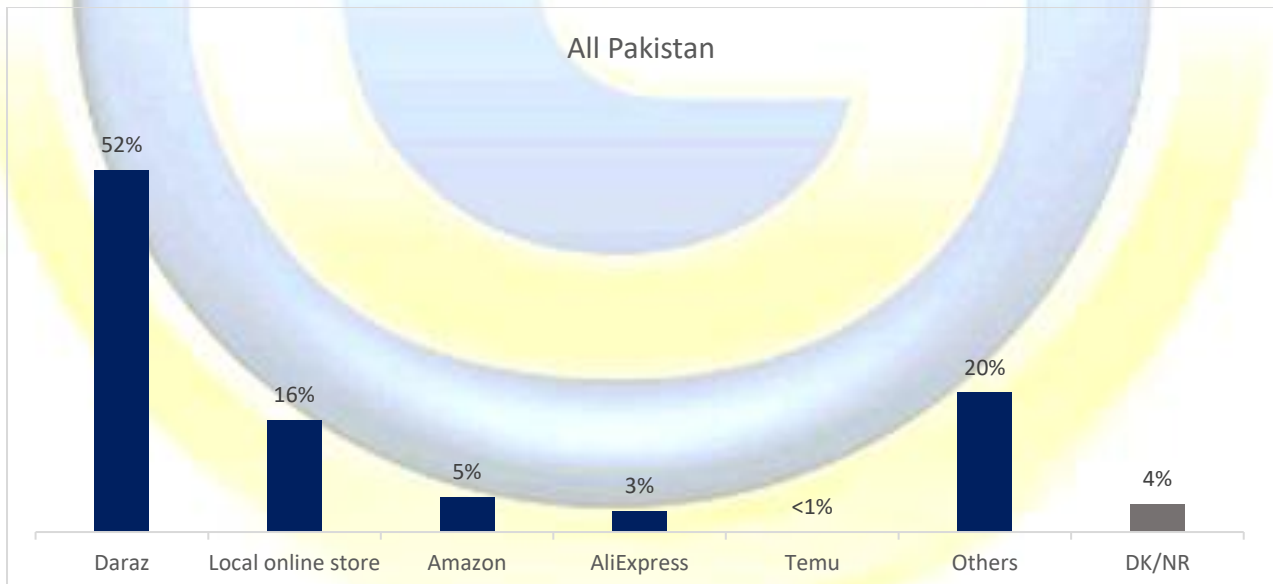

(Islamabad), 18th December 2025

According to a survey conducted by Gallup & Gilani Pakistan, among Pakistanis who made an online purchase in the last six months, 52% say they used Daraz, making it by far the most widely used platform. In comparison, 16% purchased from a local online store, 5% from Amazon, 3% from AliExpress, 0% from Temu, and 20% used other platforms.

A nationally representative sample of online shoppers was asked the following question: **“Please tell us which platform or website you used for this online purchase?”** In response, 52% said ‘Daraz,’ <1% ‘Temu,’ 5% ‘Amazon,’ 3% ‘AliExpress,’ 16% ‘local online store,’ 20% ‘others,’ and 4% ‘DK/NR.’

The dominance of Daraz underscores its position as Pakistan’s leading e-commerce marketplace, with global platforms still playing a comparatively small role in local online buying habits.
